

Efficiently Moving Grain

**GRAIN BAGGER
E9700HE**

For 9-foot bags up to 330 feet long

- **Easy Lift Cradle System** for bags up to 330 feet long. Minimized labor to install the bag. Reduced number of operators.
- **Heavily reinforced horizontal auger.**
- **High capacity reception hopper.**
- **Heavy-duty frame** built with shaped tubes and stamped sheet.
- **Transmission** through a chain and heat-treated gears.
- **User-friendly mechanical height adjustment.**
- **Power required:** 60 HP
- **Rubber flap** that prevents grain spillage.
- **Wheel configuration** that allows either to operate or transport the machine without any wheel position change.
- **Tires:** 7.50 x 16 (other options available).
- **Electrostatic polyurethane paint.**
- **Hydraulic brake.** Easy to adjust. Precise system.
- **Optional features:**
 - Hydraulic Easy Lift.
 - Hydraulic Sliding Pan.
 - Hydraulic height adjustment.

Great Capacity!!!

Our hydraulic features offer the simplest and fastest way to load bags!

Easy transport without the need to change wheel position.

Tunnel for bags of	9 feet
Steady flow bagging performance	550 tonnes/hour
Power required	60 HP
Tube / Auger diameter	400 mm
Hopper Capacity	1,850 L

Heavily reinforced horizontal auger.

High capacity reception hopper.

Hydraulic Sliding Pan .

Hydraulic height adjustment.
